Personal Profile

As a confident communicator, I excel as a collaborative team member and individually. My teamwork skills have been refined through group activities at University, as well as my hands-on experiences volunteering and in part-time jobs. I have a genuine enthusiasm for problem-solving and thrive on conceiving innovative, creative solutions. My approach to work is characterised by a positive mindset, constantly pushing me to acquire new skills and deepen my knowledge. I am eager to leverage my skills and bring fresh perspectives to your team on my placement year.

Skills

- A thorough understanding of the UX Design process, from discovery to handover.
- Skilled using Figma and Adobe XD prototyping software.
- HTML and CSS for Front-end Web Development.
- Utilisation of Adobe Creative Suite in particular Illustrator, Photoshop, Premiere Pro, After Effects and InDesign.
- Able to work within and create Brand Guidelines.
- Competent in all Microsoft Office Software.
- Excellent Customer Service skills.
- Use of UniDesk ticket management software.
- Apply critical thinking to make well-informed decisions and solve complex challenges.
- Employing empathy to understand the needs of others.
